LAB 1H: Our time.
Response Sheet

Directions: Record your responses to the lab questions in the spaces provided.

We've come a long way

First steps first.

timeuse_format specifics

Exploring your data

- **How many observations and variables are there?**

- **What are the names of the variables?**

- **Which row represents YOUR *typical day*?**

How do we spend our time?

- **State and answer two statistical investigative questions based on our *research question*.**
 - **Also, state one way in which your personal data is *typical* and one way that it *differs* from the rest of the class.**

- **Justify your answers by using appropriate statistical graphics and summary tables.**
 - **If you subset your data, explain why and how it benefited your analysis.**
