LAB 4H: Finding clusters

Response Sheet

Directions: Record your responses to the lab questions in the spaces provided.

Clustering data

The k-means algorithm

Running k-means

k-means vs. ground-truth

- **Compare the clusters chosen by k-means to the ground-truth. How successful was k-means at recovering the league information?**

On your own

- **Describe how the groups differ from each other in terms of how long each group spends playing videogames and doing homework.**
