

Date _____

LAB 3A: The results are in!

Response Sheet

Directions: Record your responses to the lab questions in the spaces provided.

Conducting experiments

Coming up with questions

- **Write down two statistical investigative questions that will help you answer the *research question* from the previous slide.**

Analyzing our data

- **Write down a few sentences interpreting your plots and summaries.**

Wrapping it up

- **Create a plot and use it to justify your answer.**

- Write a report using the plots and analysis you conducted to answer the *research question*.
